3. Which area do you service?

Pretoria East - Travel rates are calculated according to location - Return Trip

4. How do I book a Mobibin?

- Our qualified staff can assist you by taking a telephone order, preparing your quotation and e-mail or fax it back to you.
- You can go to the get a quote page and submit your requirements on the on-line request form that comes through to us directly once we receive the information we will send you a quotation.
- We can send one of our representatives to your company to discuss a project or contract and tailor-made a quotation for you.

5. When do you deliver?

We work on a first come first serve basis, please contact us to confirm the estimated timeslots.

6. What about accessibility & damage prevention?

- Our entire trailer with a fully filled Mobibin does not exceed 2.5 tons and therefore cannot cause any damage to tarred surfaces or any paved driveways.
- We only need enough space for a trailer to manoeuvre and therefore we are not restricted with heights and widths. The entire width of the trailer is 2.5m
- We need a flat surface to place the Mobibin which makes it easier to lift. Where not possible we will level the surface out.
- Our Mobibins are ideal for clients with limited space.

7. What is the size of your Mobibin ?

- Width 1500mm x Length 2000mm x Height x 1000mm

8. Who is your target market ?

- People that don't have the time to dump their garden refuse and try to fit in the sport showcasing over the weekends.
- Housing estates that depends on reliable services.
- Shopping centres that needs to keep their image presentable.
- Building contractors that needs to clear the last bit of building rubble.
- All the tree fellers that don't want to have the hassle of dumping what's taken down.
- The recycler that helps to save the world.
- Ag and sommer anyone that needs an effortless service.

9. What not to put inside your Mobibins?

- No Medical waste.
- No Liquid or Chemical waste.
